**Educational Costs GWE Benefit**

Beginning in the 2021-22 academic year, this Educational Costs GWE Benefit will be available to all Tuition Assistance Award recipients. The student will be eligible for this annual benefit following payment of tuition and tuition related fees in the student’s first education term of an academic year.

This annual payment for educational costs may be used for, but is not limited to, books, computers, calculators, musical instruments, sports equipment, supplies for studies, tutors, clothing, room and board, and transportation to and from school.

A Cowlitz student not needing tuition assistance and enrolled in a certificate or degree program at an accredited vocational school, college, or university; may receive this Educational Costs GWE Benefit. This student should contact the Tuition Assistance Office to request this benefit.

If a student withdraws from school after receiving this Educational Costs GWE Benefit payment but before completing the term, future Educational Costs GWE Benefit payments will be made at the end of the term.

**Study Abroad**

To receive funding from the Cowlitz Tuition Assistance Award Program, the study abroad program must meet the student’s major or minor requirements and result in course credits earned toward the student’s degree. A letter from an academic advisor or other school official must accompany the funding request confirming the study abroad experience and credits will be applied to the student’s major or minor.

Study abroad and study at stateside schools will be funded at the same level and under the same rules. All deposits and fees are the student’s responsibility. Only deposits of tuition and tuition related fees are eligible for reimbursement. Reimbursement for eligible deposits will be made at the time payment for tuition and tuition related fees is made.

**Application Process**

Applications will be accepted beginning January 10 of each year until funds are exhausted. When funding is exhausted, students will be placed on a waiting list. If additional funding becomes available, assistance will be offered to students on the waiting list in the order the applications were received.

A student cannot benefit by adjusting the start date of an academic year. The student is limited to one award in each academic year. Academic year is defined as a 12-month period beginning on or after May 1/Summer Term, current year through April 30/Spring Term, following year.

A school may define the academic year as quarters, semesters, or number of months beginning any month throughout the year. In some programs, the student is required to attend year-round, without interruption, until the program is complete. Award payments for these non-traditional academic years are limited to the Tuition Assistance Award Program academic year definition, award amount, and lifetime limit rules.

Funds must be spent for tuition and tuition related fees in the academic year they are awarded and may be drawn down for classes beginning on or after May 1. Funds will be available after approval of the application. Unused award funds from the current academic year will not rollover to future academic years. Refunds of Cowlitz payments of tuition and tuition related fees must be returned to the Tribe by the student or school. Upon receipt, the refund will be credited to the student’s annual award balance and lifetime limit.
Following committee approval of an application, a letter of award including a Request for Payment form and instructions on how to draw down the award will be e-mailed to the successful applicant. Reminders will be e-mailed periodically throughout the academic year. Three weeks are required for processing of award payments. It is the student’s responsibility to submit the Request for Payment form and supporting documents in a timely manner. All late payment fees are the student’s responsibility.

**Enrollment Status**

The student confirms their active enrollment status at the start of each academic quarter, semester, or term by submitting a:

- Request for Payment form.
- Statement/invoice with the school name, student name, and student identification number showing tuition and tuition related fees owed.
- Class list for the upcoming term.
- School transcript, when available, showing grades from the previous Cowlitz funded term.

**Change in Enrollment Status**

Students changing enrollment status must notify the Cowlitz Tuition Assistance Office by e-mail within two weeks of the change in enrollment. Examples of change in enrollment status are:

- A change of school.
- A delay in the start date of an academic year.
- Withdrawal from one or more classes if withdrawal results in a refund of Cowlitz funded tuition.

**Student Accountability**

The Tribe believes each tribal member should have the opportunity to achieve his/her vocational or higher education goals. The Tribe helps, but the student must make it happen.

- It is the student’s responsibility to determine their education plans and goals and bring the commitment and drive to achieve their goals.
- It is the Tribe’s responsibility to provide the financial support for the student’s education goals. While Tribal funding is considerable, it is not all encompassing.

The student and the Tribe succeed when the student earns their certificate or degree.

**Failure to Complete**

Failure to complete is failure of or withdrawal from more than half of all enrolled courses.

If this occurs, the student will immediately be placed on probation. **Cowlitz will continue to pay tuition and tuition related fees while the student is on probation.**

If the student fails or withdraws from courses in a second consecutive term, the student’s Tuition Assistance Award will be suspended. If award funding is suspended, the student will be responsible for self-funding their education.
Following completion of a successful self-funded term, the student may request reinstatement of the award. A successfully completed term is defined as a term without failures or withdrawals.

Future payment of the award will be based on the student’s status, full-time or part-time, during the self-funded term.

**Procedures for Reinstatement of a Suspended Award**

The student must request reinstatement of their Tuition Assistance Award by e-mail to the Education Committee at tuitionassistance@cowlitz.org. The student must include a copy of their transcript providing proof of a successfully completed self-funded term with the request.

**Appeal Process**

A student may appeal Education Committee actions within 30 days of notification of that action. All appeals requesting reconsideration must be submitted by e-mail to the Cowlitz Tuition Assistance Office at tuitionassistance@cowlitz.org.

On receipt of the appeal, the Education Committee will review the reasons for reconsideration and determine if the appeal should be rejected or upheld. The appellant will be notified within 30 days of the result of their appeal.

Issues not covered in these Policies and Procedures will be addressed by the Education Committee on a case-by-case basis.

The Education Committee may amend these Policies and Procedures from time to time.

These Policies and Procedures will be included in the Tuition Assistance Award application packet.
