

**Cowlitz Indian Tribe
Request for Proposal
Member Benefit Debit Card Program**

Issue Date: April 20, 2026

RFP Reference No.: RFP26.10.001

Addendum No. 1 – Questions & Answers

Date: May 5, 2026

This addendum modifies and becomes a part of the above-referenced RFP. All other terms and conditions of the RFP remain unchanged.

Question 1

What is the anticipated annual volume for this program, both in terms of participants and total funds disbursed?

Response: The Tribe anticipates approximately 4,000–5,000 participants annually. Estimated annual disbursements are \$500,000 to \$1,000,000. Additionally, when including GWE, disbursement volumes may exceed \$50 million per quarter.

Question 2

For participants who reside outside of the United States, is the Tribe agreeable to funds being disbursed in USD, or is multi-currency support required?

Response: All disbursements may be issued in U.S. Dollars (USD) only. Multi-currency support is not required.

Question 3

In the Proposed Format and Required Content section, the Scope of Work is referenced in Section 6; however, only Section 5 is listed in the A–G formatting instructions. Where should respondents address the Scope of Work?

Response: This was an omission due to a formatting error in the RFP, and the Tribe apologizes for any confusion. Section C should reference both Sections 5 and 6. Respondents must include Section 6, as outlined below:

Section 6 – Scope of Work

Each proposal must include a Scope of Work that details each stage of work identified in the RFP and provides an implementation timeline for each component.
