Request for Quotations (RFP) – Electric Vehicle (EV) Charging Station Installation Project

This document forms a part of and modifies the RFP as noted below. Offerors should acknowledge their receipt of this Addendum to the street address or email address listed below with your RFP submission package. Failure to do so may subject Offerors to disqualification.

FOR: Cowlitz Indian Tribe
Public Works Department
929 Fir Street
Longview, Washington 98462
Attention: Tammy Quigley
Email: tfleet@cowlitz.org

The following corrections, clarifications and/or deletions to the RFP are hereby made as part of said documents.

This addendum consists of three (3) pages.

## ADDENDUM NO. 1

## QUESTIONS AND ANSWERS

Q1. Has CIT requested, or does CIT plan to request an extension from the Washington State Department of Commerce?

A. The Tribe works closely with WA Dept of Commerce and if a contract extension is needed, we will request one.

Q2. If an extension is being pursued, could you share that information, including whether it has been approved by Commerce or is pending approval?

A. Not at this time.

Q3. Is any registration, participation, proposal-submission, portal or other fee required to submit a responsive proposal?

A. No fees are required to submit a proposal for this project.

Q4. Is any bid bond, proposal bond, certified check, letter of credit or other proposal-stage security required with the proposal? If bonding applies only after award, please confirm that no proposal-stage security is required.

A. No proposal-stage security is required. A Payment and Performance Bond will be required of the awarded contractor prior to commencement of construction.

Q5. May applicable experience, electrical/engineering qualifications and project-delivery capabilities be demonstrated through the combined qualifications of the proposer and its identified subcontractors, technology providers and other committed project-team members, with their respective responsibilities clearly identified?

A. Yes, Proposers may demonstrate qualifications through the combined capabilities of the full project team, including subcontractors, technology providers, and other committed team members.

Q6. Please confirm that the project facility/site will be provided or controlled by the Cowlitz Indian Tribe and that the proposer is not required to independently acquire or secure project land.

A. Confirmed. CIT controls the project facility, and proposers are not required to independently acquire or secure project land.

Q7. A contractor plans to bid on EV Charging Station Installation project and would like to request a sovereign immunity waiver for this project.

A. Refer to the RFP 'Prequalifications' section for CIT stance on waiver of sovereignty. The Tribe will not waive Sovereign immunity.

Q8. Could you please provide written confirmation that the EV Charging Station Installation project may be submitted via email and does not require an additional in-person submission at the CIT Public Works Department?

A. Yes, submissions sent via email are valid submissions as long as they are submitted by the due date and time provided in the Target Schedule of Values.
